Any changes in measurements after the first fitting which cause additional or different services to be necessary are subject to additional charges. Clients who schedule alterations more than 4-6 weeks before their event date assume responsibility and have discussed with seamstress the effects of possible weight changes throughout the alteration process.

A 50% deposit is required to begin work on any invoice over \$100. The remaining 50% is due at the time of pickup. Clients who decide to pick-up their dresses earlier or cancel alterations (if possible) will not be able to recover the deposit, and any alteration that has begun must be completely finished. Cancellations or date changes must be communicated immediately.
